

Creating a healthy Ontario – A call to action for all candidates

[#HealthPromoChat](#)

Special time: Monday June 2 from 3-4pm EDT

In anticipation of the upcoming provincial election we will explore the various ways that the political parties can make Ontario a healthy society.

We want to hear from you!

- Q1** What do you think should be a top priority for political parties in supporting the #HealthiestProvince ?
- Q2** What would a focus on reducing health inequalities look like?
- Q3** Can government commit to embedding a health impact filter across all policies & initiatives?
- Q4** What are some upstream public policy opportunities that the government could take to improve the health of Ontarians?

A special thank you to Health Promotion Ontario and the Ontario Chronic Disease Prevention Alliance for helping shape this #HealthPromoChat!
