

Healthy policies for healthy communities

#HealthPromoChat

Tuesday August 26th from 3-4pm EDT

A conversation exploring the relationship between policy and healthy communities. What impact does policy have on our health and well-being and what can we do about it?

- Q1** What kinds of policies impact our health?
- Q2** What policies do you know of that have had an effect on your health & that of your community?
- Q3** What is the role of local government in building healthy communities?
- Q4** What are good strategies for getting healthy policies on the political radar?
- Q5** How can individuals get involved in shaping policies that have an impact on their health?
